Summary

From saving PowerPoint slides as HTML webpages to creating Full-Stack Web applications; from being mobile gamer to creating Video Games, it's how I describe myself as a developer. It has been a great journey so far. As long as we are committed, we can learn something new every day. I anticipate a bright future thanks to my parents' encouragement and the friendship of my brother-like-friends.

Experience

Instructor
Udemy
Jan 2023 - Present (2 months)

Co-Founder
WeKnewHow
Dec 2018 - Present (4 years 3 months)

Education

Bengal Institute Of Technology
